FILL IN PLAYERS					
COACH:					
ASSISTANT COACH:					

Filling in the Score Sheet for 8 Year division

RULE: All 8 year modified players MUST rotate positions as part of the modified netball program.

A player cannot play the same position for the full game. They should experience all positions in rotation over the course of the competition and a minimum of two playing positions in any one game.

No goals are recorded in the 8 Year competitions

Leave blank if the player is not playing

Write in details of any players across the grade (from another 8 year team) in the Fill in Players section e.g. **Lucy Myers 8W Bandicoots**

NOTE: Each 8 year old team receive their own score card so it's easier to complete the playing positions for each team. Score sheets must be returned to Admin immediately after the game to check recording of player rotations.

TIP: Players CANNOT play below their registered age/grade (penalties apply) e.g. you can't play a player from the 9 year division in the 8 year division.

TIP: Junior players CANNOT play more than two ages above their registered playing age e.g. you can't play an 8 year old player in the 11 year division.

All score sheets are pre-printed with registered player names. If the list of names is not correct, please see your Club Secretary asap to have corrected.
